SENATOR HANNA STILL ALIVE, BUT FEVER IS HIGHER

Oxygen Administered at Intervals of Ten Minutes This Afternoon, and There Were Three Saline Injections During the Day, Showing the Blood Needs Nourishment.

FRIENDS EXPRESSED GREAT HOPE BEFORE HIS TEMPERATURE ROSE,

Early Afternoon Bulletin Showed That It Had Been Reduced to 100.8, but Later The E. A. Sabean Had a Con-It Was 104—The Senator Retained Nourishment and Slept During the Afternoon.

(Special to The Evening World.)

WASHINGTON, Feb. 13 .- Senator Hanna is sleeping this evening, although his temperature is much higher than it was at half-past two o'clock. At that hour it was 100.8, but rose later to 104, within one degree of the highest point of the day.

Oxygen continues to be administered at intervals of ten minutes. Since morning three saline injections have been given. Mrs. Hanna and the rest of the immediate family have denied themselves to callers since noon, except in the case of the President.

Mr. Hanna's condition at 2.30 o'clock was such as to encourage his family. His brother came out of the sick chamber at that hour and said: "My brother's temperature has been reduced to 100.8. All conditions

are favorable.' At 2.30 Mr. Dover made the following statement:

At 2.30 P. M. the Senator was sleeping quietly. At noon the temperature was 103. At 1,30 P. M. after a bath it was 100.8, pulse 112, respiration 32. He continues to take and retain his nourish-

This was the official bulletin as signed by Drs. Rixey and Carter. At 2 o'clock the physicians had decided to resort to more oxygen, an

this was administered. At noon the following bulletin was issued:

Senator Hanna is resting quietly. His temperature is 103.8; pulse 115; respiration, 34. He continues to take nourishment well. There has been no change in his general condition since the morning bul-

xceedingly critical. His tempera ture was higher during the night and this morning than at any other time during his illness. Drs. Osler, Rixey and Carter say there is the faintest possibility for his recovery, but they are not very decided on this point. This bulletin was issued early to-day:

Senator Hanua had a comfortable night; the temperature was higher, 105 degrees this morning at 9 o'clock, the pulse was 120, respirations 32. His temperature at 9.30 o'clock this morning

was 104.9. He is taking nourishment well.

RESTED DURING THE NIGHT.

Despite the high temperature Senator Hanna rested well last night and this morning he was said by the doctors to be in better condition than he was last night. He is believed to have slept considerable, but because of his weakened condition the doctors are unable to state just how many how. weakened condition the doctors are unable to state just how many hours he

Practically all of the night he was either in a sleep or a dull stupor. The stupor, the physicians say, was almost as beneficial as sleep, as it allowed into a storm. Her topmast was carried him to rest and recuperate from the almost fatal attack of yesterday. He was given oxygen at intervals during the night, but at 7 o'clock this morning had not been given any for more than an hour.

The doctors are gradually withdrawing the oxygen as the heart becomes stronger and is able to do its work. The most powerful stimulants, and bruised so that it was with diffinitro-glycerine, strychnine and saline solution, were given during the culty that they did any work at all. night and early this morning, but these have been discontinued except at Time and again the seas swept the lit-

Dr. Osler said this morning that he believed the Senator's heart would be strong enough to do its work unaided during the day. The physicians her. do not look for another attack such as the Senator passed through late yesterday afternoon. This, they say, was not incident to the typhoid condition, but an attack which the Senator is subject to during illnesses or times of great excitement.

Daniel B. Hanna, a son of the Senator, was expected to arrive at 8.30 o'clock this morning from Cleveland, but did not get here until after 10 o'clock. He was taken at once to his father's apartments. Mrs. Mabel Parsons, of Cleveland, a daughter of the Senator, is expected to arrive this they had accomplished. This sert of afternoon, together with his two sisters from Thomasville, Ga.

ful member of the family. He has not despaired, and despite the state-"He is having a little harder time than usual," Mr. Hanna said to-day, "but he will pull through all right."

Representative Dick. of Ohio, one of the Senator's closest political friends, was at the Arlington before 8 o'clock this morning. He saw and talked with Dr. Osler. "There is just a faint chance," he said on leaving

PRESIDENT CALLS AGAIN.

The President arrived at the Arlington at 1.30 P. M., and when informed The President arrived at the Arlington at 1.30 P. M., and when informed halled an ocean tug off Five Fathom of the slight reduction in Mr. Hanna's temperature during the last few hours bank Light, near the Delaware coast, 'Oh, I am so glad. I will go up stairs at once.' He walked over from the White House.

President Roosevelt remained ten minutes. He did not see Mr. Hanna, but said he talked with Mrs. Hanna and the other members of the family.

Just before President Roosevelt arrived Senator Hanna conversed with his nurse. He was asked if he would like a little whiskey. In a feeble day. voice the Senator replied:

'Yes, give me some of that whiskey Mr. Carnegie sent me." While it was being poured out the nurse said: you to take this whiskey before you go to sleep."

During the morning the Sanator was aroused two or three times. He is conscious and perfectly rational. He recognized his daughter Ruth, and in addressing the doctor said: "Well, how am I this morning?"

The doctor replied: "You are better and doing well. We want you to help us. Senator."

"I will," was the response.

MILLIONAIRE IN

Brewer William J. Lemp Pining After Son Who Died, and Further Depressed by Death of Old Friend, Shot Himself.

GAVE UP BUSINESS AND LOST INTEREST IN LIFE.

Denied Himself to All, Except Those Close to Him, and Finally Killed Himself - Long Prominent in St. Louis.

ST. LOUIS, Feb. 13 .- William J. Lemp. President of the Lemp Brewing Company, committed suicide to-day at his esidence, No. 3332 South Thirteenth treet, by shooting himself in the right emple with a revolver. He died an hour after firing the fatal shot. Growing depression over the death of the favorite son, Fred Lemp, three years go, and the loss of Frederick Pabst, of Milwaukee, a lifelong friend, is believed o have been the cause of the rash act.

Mr. Lemp, who was sixty-eight years Mr. Lemp lost interest in life three Str. Pl. Sears ago when his son Frederick died.

8-5 2-5
He was the brewer's favorite son, the
superintendent of the brewery and the
chief reliance of his father. He died

to the father was so severe that he never recovered from it.

At first he seemed to resist the impulse to withdraw from active life, but after a time he yielded to it, and was seidom seen at his office.

Without having any disease which could be diagnosed he became feeble and gradually became despondent. When Fred Pabst, the Milwaukee brewer, died, on Jan. 1, Mr. Lemp was affected aimost as much as he had been by the death of his son. He attended the funeral and on his return was more despondent than ever.

After the death of Mr. Lemp none but relatives and very close friends of the family were admitted to the residence. to the father was so severe that he dence.

Besides two sons and his widow, one daughter, who married a son of Capt. Pabst. survive William J. Lemp.

BRAVE GIRL STOPS RUNAWAY

Thrown from Trap, but She Halts Her Horse and Saves Children.

WHITE PLAINS, N. Y., Feb. WHITE PLAINS, N. Y., Feb. 13.—
Miss Mildred Gedney, a belle of Mamatroneck, while driving a spirited cob today had a remarkable escape from injury in a runaway. Her horse became
frightened by a passing trolley car and,
after describing a half circle and running for some distance, jumped over a
picket fence at the corner of Beach and
Railroad avenues. Miss Gedney was
thrown out, but escaped injury and
stopped the horse from continuing its
mad run. Her quick action saved sevcral children who were directly in its
path. The trap was only slightly damaged.

GIRL KILLED BY WAGON.

An unidentified girl, about fourteen 2 time of war. ears old, was run over and instantly killed to-day at One Hundred and Eleventh street and Park avenue by a horse and wagon driven by John Don-nelly, twenty-six vears old, of No. 48 East Seventeeth street. The wagon be-longs to a dry-goods firm. gs to a dry-goods new, the girl was apparently an Italian in dark complexion, hair and eyes, clothes consisted of a red dress and, gray underwear and black stocks. The body was taken to the East Hundred and Fourth Street Station.

WEATHER FORECAST.

Forecast for the thirty-six hours ending at 8 P. M. Sunday for New York City and vicinity: Generally fair to-night; Sunday partly cloudy and warmer; snow or rain Sun-day night or Monday; fresh to northerly winds, becoming east to south.

Detention by the Czar's Men of United States Vessel in Port Arthur Calls for a Protest by the Owners, and the State Department Orders an Immediate Inquiry to Be Made of Government at St. Petersburg.

GRIEF A SUICIDE BIG BATTLE SAID TO BE RAGING AT PORT ARTHUR

Report Comes from Chinwangtoa, Where the Manchurian Railroad Almost Touches the Sea-Japan's Two Big Fleets Are Said to Have Effected a Junction and May Now Be Engaging the Russian Fleet.

(By the Associated Press.)

WASHINGTON, Feb. 13.-The State Department has instructed Ambassador McCormick to ask the Russian Government at St. Petersburg for an explanation of the compulsory detention in the harbor of Port Arthur of the American steamship Pleiades, which conveyed a cargo of flour to that place from Honolulu just before the outbreak of hostilities. The ship is owned by the Boston Towboat Company, which has made formal complaint to the State Department, hence the instruc-

By some officials here the opinion is expressed that the detaining of the ship is not a violation of international law provided adequate demurrage is paid to the owners of the vessel. It is assumed that the vessel is old and a native of Germany, had lived detained for strategical purposes, and naval officers point out that her departure at this time might enable the Japanese to learn important facts about the condition of affairs at Port Arthur.

BOSTON, Feb. 13.—The Boston Towboat Company, owner of the steamer Pleiades, received word to-day that the State Department at Washington has begun an investigation of the conditions under which suddenly of heart failure, and the blow the steamer is detained at Port Arthur, and that if it is found that she is improperly held her release will be demanded at once.

IAPS CARE FOR WOUNDED RUSSIANS.

WASHINGTON, Feb. 13 .- A cablegram has been received at the Japanese legation, from Tokio, stating that upon a request made through the British Consul at Chemulpo, thirty-four of the Russians wounded in the recent naval engagement should be placed in charge of some Japanese charitable institution. Consent was readily given and they were put in the Japanese nurses' hospital at Chemulpo and are being treated by Japanese doctors.

GREAT NAVAL BATTLE SAID TO BE RAGING.

TIENTSIN, Feb. 13 .-- A great naval battle is most likely being fought off Port Arthur. The firing can be heard in Chinwangtoa and has been reported from there.

Chinnwangtoa is on the Gulf of Liaotung, 150 miles from here on the Chinese side of the bay. The Manchurian Railroad, at this point is near the water. That branch of the road extends to this place.

This engagement was expected to occur at any moment. The Japanese fleets of Admiral Togo and Admiral Uriu have made a juncture and were last seen heading for the Gulf of Liaotung.

It may be that the engagement will be with Port Arthur, as they must pass that point to reach the gulf.

The combined fleet is the most powerful Japan has ever massed and may be as powerful or more powerful than any power ever assembled in
